

Whistleblower Policy

Knights of The Kingdom of Christ Order

Whistleblower Policy

Purpose *The purpose of this Whistleblower Policy is to encourage directors, officers, members, volunteers, employees, and other persons associated with Knights of The Kingdom of Christ Order to report in good faith suspected misconduct, legal violations, financial impropriety, unsafe conduct, abuse, harassment, retaliation, conflicts of interest, or other serious wrongdoing affecting the Order.*

Good Faith Reports *Any person covered by this policy may make a good faith report of suspected wrongdoing. A good faith report means a report made honestly and with a reasonable belief that the information disclosed indicates misconduct or a significant concern, even if the report is later found to be mistaken.*

Matters That May Be Reported *Reportable matters include, without limitation: fraud, theft, embezzlement, misuse of charitable assets, false statements to the public or regulators, conflicts of interest, harassment, abuse, discrimination, retaliation, unsafe practices, violations of governing documents, violations of adopted policies, destruction of records in violation of policy, and claims that the Order exercises unlawful military, police, or security authority.*

Reporting Channels *Reports may be made to the Grand Master, the Chancellor / Secretary, the Chair of the Board, the Treasurer, a designated compliance officer, or another reporting channel established by the Board. If the concern involves one of those persons, the report should be made to another disinterested officer or directly to the Board.*

Confidentiality *Reports shall be handled as confidentially as reasonably possible, consistent with the need to investigate, take corrective action, comply with law, and protect the rights of all concerned.*

No Retaliation *The Order prohibits retaliation against any person who, in good faith, reports a concern, participates in an investigation, provides information, or refuses to participate in unlawful or improper conduct. Retaliation itself is a serious violation of this policy.*

False or Malicious Reports *This policy protects good faith reporting. It does not protect knowingly false, malicious, or bad-faith accusations. Deliberate abuse of the reporting process may result in corrective action.*

Investigation and Response *The Board or its designee shall review reported concerns promptly and determine an appropriate response, which may include internal review, referral to a committee, consultation with outside counsel or professionals, corrective action, or referral to appropriate authorities where required by law or necessary for protection of persons or assets.*

Documentation *The Order should maintain appropriate records of reports received, the steps taken in response, and the outcome of the review, subject to confidentiality and legal considerations.*

Adoption *This policy shall remain in effect until amended or repealed by the Board of Directors.*
